

## Motor Oil, Antifreeze, Car Batteries, Tires and Scrap Metal.

Collect used fluids in clean, unbreakable containers with tight-fitting caps.

Take the oil, antifreeze, or car battery to a service station that collects it.

- **Don't** pour used oil or antifreeze on the ground or down any drain or storm sewer
- **Don't** burn used oil except in an EPA approved waste oil furnace.
- **Don't** mix used oil with any other liquid.

The stations in Delaware County listed below accept used oil. Also noted are those that accept antifreeze and /or car batteries.
